

I understand that you are proposing to expand the Low Power FM service. This would end up taking priority over current FM translator service.

This concerns me because the main radio station I listen to, K-Love, would be affected by this proposition. There is only 1 other Christian radio station in town and it was recently sold. Now we may lose K-Love too. K-Love provides a very good service to the local community and would be sorely missed.

Keeping K-Love on the air is important for the local community. It is difficult to find stations, TV or radio, that play programming that is family safe. This can't be lost.

Thank you in advance for your time and consideration.
